Oshkosh Media Life TV Policies & Procedures

Oshkosh Media Life TV Mission Statement:

“To provide an electronic free speech forum that promotes, encourages and reflects the cultural diversity of the Oshkosh community.”

Overview:

Use of the city of Oshkosh’s Life TV is considered a democratic right of responsible Oshkosh citizens. Oshkosh Media offers users free usage of television equipment for the production of community programming, in addition to training and instruction in television production techniques.

Like citizenship itself, community access demands certain standards of behavior. With the intention of keeping restrictions to a minimum, these pages spell out the standards for using Life TV. Please accept and abide by our rules and regulations, in the spirit of cooperation that makes Oshkosh Media a communication opportunity for everyone. Life TV rules are administered by the Oshkosh Media Operations Coordinator.

Definitions:

- A. Life TV: a cable channel dedicated for use by non-profit organizations, persons or groups residing within the city of Oshkosh on a first-come, non-discriminatory basis including race, creed, sex, religion or general content of programming.
- B. Local Resident Producer: the person, group, organization or other entity who conceives of the program idea and manages the production of the program (whether the production is done by the local resident producer or another crew).
- C. Advertising Material: any material in a program designed for the sale of commercial products or services, or the solicitation of donations, remuneration, or barter. Exceptions to this include fundraising events or programs for Oshkosh Media or the Friends of OCM.
- D. Obscene, Indecent and/or Libel Material: any material in a program and/or presentation that would be deemed obscene, indecent or libel by local community standards or by standards established by any federal, state or local regulation or law applicable to cable television.
 - 1. Obscenity: the Supreme Court has defined obscenity as works which, taken as a whole, appeal to the prurient interest in sex; which portray sexual conduct in a patently offensive way, and which taken as a whole, do not have serious literary, artistic, political, or scientific value.

2. Indecency: in a 1992 policy statement, the Federal Communications Commission defined indecency as Language or material that, in context, depicts or describes, in terms patently offensive as measured by contemporary community standards for the broadcast medium, sexual or excretory activities or organs.
 3. Libel: Defamation by publishing or broadcasting that may expose its subject to public hatred, shame or disgrace.
- E. Cablecast: to send video and audio signals through a coaxial cable television system instead of traditional broadcast (over-the air) systems.
- F. Copyright: the exclusive legal right of publication, duplication, imitation, or sale of literary, musical or artistic work. All necessary copyright clearances are the sole responsibility of the access user.
- G. Lottery/Raffle: any promotion, contest or other program that involves the elements of prize, chance and consideration, which is considered a lottery/raffle under applicable local, state or federal laws.

I. Who May Participate:

Use of community access equipment for personal use, financial remuneration or commercial purposes is prohibited. Access users may distribute their programs on digital platforms such as YouTube, in addition to cablecast on Life TV.
- E. Oshkosh Media invites younger residents to learn community television production techniques, and welcomes their participation in the community access process. It is necessary for access production applicants between the ages of 16-18 years of age to have their parent or guardian co-sign all required documents. The co-signer is then responsible, along with the user, for all costs which may be incurred as a result of damage to the facilities or equipment, other than normal wear and tear. Residents under the age of 16 wishing to use the Oshkosh Media facilities can do so only when in the presence of their parent or guardian. Parents or guardians are then responsible for the actions of their child and for all costs that may be incurred as a result of damage to the facilities or equipment, other than normal wear and tear.
- F. The Life TV electronic bulletin board service may be used by Oshkosh residents and by members and employees of commonly recognized local non-profit organizations that serve the Oshkosh community. Announcements may be submitted through the “Bulletin Board” tab on the Oshkosh Media website. The following are content guidelines for posting on the bulletin board:
 - 1. All messages must announce a specific community organization, event or activity with a specific time and place associated with the event or activity. Some examples are: community meetings, nonprofit fundraisers, public services, neighborhood events, parades, celebrations, cancellations or schedule/situational changes, public school events, religious services.
 - 2. Messages must be noncommercial in nature, and the bulletin board may not be used for political campaigning purposes.
 - 3. Wording of messages must be concise stating primarily who, what, where and when.

II. Producing a Program:

- A. After attending and successfully completing the necessary training classes required, access users may begin producing a program. Life TV cablecast schedules are based upon series programming. Whenever possible, Oshkosh Media encourages access users to produce programming on a regular basis, however, one-time or special programs are also accepted.
- B. Local resident producers are responsible for gathering their own volunteer crew and equipment in producing their program. Oshkosh Media staff can assist with providing producers with the proper equipment and by providing names of potential volunteers.

C. Recording/Playback Media:

1. Local resident producers are responsible for providing their own DVD's for recording and playback. Oshkosh Media will regularly post a list of local vendors and/or mail-order houses that carry acceptable DVD brands. Final programs submitted for cablecasting can have only one program per DVD.
2. Any program submitted for cablecast on Life TV must be on a DVD. Exceptions may be made for other media, however, a transfer fee may be charged to dub original program materials to DVD.
3. Each DVD submitted for cablecast on Life TV must include:
 - A completed Life TV Cablecast Application and Agreement Form
 - The Life TV "Local Resident Producer" countdown & disclaimer
 - Labels on the DVD to include:
 - Name of the program
 - Name & phone number of producer
 - Total running time of the program (TRT)
 - Date program was completed

D. Duplications & Digital Encoding:

1. Oshkosh Media will set fee rates for copies (dubs) of Oshkosh Media programming. Such rates will be based upon charges incurred for media and dubbing costs.
2. Local resident producers are allowed to make one free dub of each program on a media they provide. If multiple dubs are required they will be subject to normal dubbing costs.
3. Oshkosh Media reserves the right to make copies of any programs submitted for cablecast on Life TV, except in situations in which a local resident producer has provided Oshkosh Media staff with a written notice of copyright on his/her program. Oshkosh Media has no obligation to notify producers that a copy was made of their program.
4. Local resident producers are allowed to have their program encoded to a digital file for their use. Oshkosh Media staff will coordinate the equipment used to encode the file. Producers must furnish media on which to save the file.

E. Sponsorship & Underwriting:

1. Underwriter Acknowledgements: Life TV local resident producers may choose to solicit underwriting funds for documented production expenses. Local resident producers or their crew may not receive financial remuneration in underwriting agreements. However, local resident producers may list acknowledgements of program sponsors in accordance with Public Broadcasting System (PBS) Guidelines. A total of 2:00 minutes will be allowed per program for underwriter acknowledgements. Before soliciting for

any underwriting, local resident producers must present a written proposal to the Operations Coordinator for his/her approval. When announcements documented production expenses (mileage, food, production supplies, etc.) are made, they may include:

- A trade name or brand name;
- Location, website and phone number;
- Logos or slogans that are not of a promotional nature;
- Value-neutral descriptions of a product line or service that aid in identifying the contributor;
- Names or service listings that do not include qualitative or comparative language.

2. Non-Commercial: Life TV local resident producers are not allowed to promote the goods or services of any underwriter or donor. In order to avoid “promoting,” announcements made regarding entities who have furnished some consideration must NOT include any:

- Mention of price: no interest rate, pricing information, discount, savings, or value of any kind may be included in acknowledging a contribution;
- Call to action: any announcement regarding a company or person who furnishes remuneration to the public broadcaster may not suggest that the viewer take action—the listener cannot be encouraged to “call,” “come by,” “try,” or even “be sure” in relation to a product or service;
- Inducements to buy: it is improper to entice the viewer to make a purchase by offering bonuses, freebies, or other specials;
- Qualitative or comparative language: this area prohibits descriptive or comparative language of a product or service. An announcement may not explain, for example, that something is “perfect,” “less filling,” or is the “largest,” “smallest,” or “most” anything.

F. Non-Locally Produced Programs (Imported):

1. Non-locally produced public access programs (programs produced outside the city of Oshkosh limits) may be cablecast on Life TV provided the following:

- a. The program is sponsored by a legal resident of Oshkosh and meets all the technical requirements (see Section C, #3 above) and administrative requirements as listed within these guidelines,
- b. The local resident producer sponsoring the program completes all necessary scheduling and cablecast agreement forms on a regular basis,
- c. The local resident producer obtains all necessary rights to the program. This includes all necessary literary, artistic, intellectual, performing, and music rights as well as all necessary clearances from the owners of licenses of such material. Local resident producers must be able to document, in writing, that the cablecasting of such material does not violate the rights of third party.

2. Scheduling non-locally produced programming: (See section V).

III. Reserving Equipment and Facilities:

- A. Oshkosh Media equipment and facilities are available to access users on a first-come, first-serve basis. Access users may request equipment by completing a reservation in the Facil computer system available at the Oshkosh Media offices. All requests must be completed in person; no reservations will be confirmed unless the Facil reservation is submitted.
- B. Access users assume full responsibility for the use of production facilities and will be liable for damage, misuse or theft that occurs while the equipment or facilities are in their possession or control. The user shall identify and hold harmless Oshkosh Media and the city of Oshkosh, from and against any damages, liabilities and costs of any nature including attorney fees and disbursements arising out of or resulting from any action or use by the user of the equipment or facilities herein described.
- C. Oshkosh Media staff reserves the right to refuse the use of equipment or facilities to any persons who appears to be under the influence of alcohol or drugs, not in full control of his or her facilities, or who engages in inappropriate conduct.
- D. Equipment reservations are non-transferable. The access user or producer making the reservation must be present at the time of check-out and check-in of equipment.
- E. Oshkosh Media is to be informed at least one day in advance of any cancellations of reservations. Equipment and facility bookings may be given to other producers if the producer or crew are over 30 minutes late and have not called to hold their reservation.
- F. Reservation limits for local resident producers:
 - 1. Two (2) three-hour evening studio reservations per month.
 - 2. One (1) camcorder reservation per week, not to exceed three days in length.
 - 3. Reservations may be made up to two months in advance.
- G. Section 17-11 of the Oshkosh Municipal Code (Damage to Public Property) includes Oshkosh Media equipment and facilities as public property. Continued abuse, damage or neglect to Oshkosh Media equipment or facilities are grounds for suspension of access privileges.

IV. Program Content:

- A. Local resident producers are fully responsible for the content of the programs that they produce. This responsibility includes libel, defamation, copyright, and any other legal accountability. Criminal prosecution and/or civil lawsuits can result from illegal use of community access. Applicants are responsible for insuring that programming submitted is not obscene, libelous, or otherwise prohibited by law. Oshkosh Media staff are neither qualified nor permitted to advise producers about the legality of questionable material.

- B. In accordance with the Free Speech protections of the First Amendment, Oshkosh Media does not censor programs. Programming rules are not intended to exercise editorial control, but to keep Life TV a fair and open forum for all local residents. Neither Oshkosh Media nor the city of Oshkosh, accept any responsibility for the content of access programs, except those produced or sponsored by Oshkosh Media staff. Oshkosh Media's response to individuals with complaints about access programming include the following options:
1. Referring complainant to the Winnebago County District Attorney (when the program is alleged to be obscene or otherwise illegal); or
 2. Advising the complainant of his or her rights to present opposing views in a response program that would also be cablecast on Life TV.
 3. Provide a written complaint to Operations Coordinator to have the matter reviewed. (See Section VII- Denial of Access Privileges/Appeals)
- C. Keeping with the concept that Life TV is for non-commercial purposes only, the following commercial uses are also prohibited on the channel:
1. Any material designed to blatantly promote the sale of products, services, trade, business or person.
 2. Copyrighted materials.
 3. Lottery or lottery information.
 4. Direct or indirect solicitation of funds.
- D. Use of the Oshkosh Media, Life TV, Gov TV, or Oshkosh FM logo or name in any context is prohibited without the written consent of the Operations Coordinator.

V. Scheduling a Program:

- A. All local resident producers are required to complete a Cablecast Application & Agreement Form along with each program submitted for the Life TV cablecast schedule. All programming must be submitted to Life TV or cleared for scheduling by the beginning of the business day on Friday prior to the week of the requested cablecast.
- B. Community Producers submitting a one-time or special program for cablecast may request programming time using the Cablecast Application & Agreement Form. All programs submitted for cablecast on Life TV will be run a minimum of one (1) time on the channel. Any requests for additional replays of the program must be submitted with subsequent Cablecast Application & Agreement Forms.
- C. Oshkosh Media staff is responsible for coordinating the scheduling of Life TV programming. Scheduling will be available on a first-come, first-serve basis keeping the following priorities:
1. Oshkosh Media produced programs or specials;
 2. Friends of OCM sponsored programs or partnerships;

3. Regularly produced local programming (done by local resident producers);
 4. Non-locally produced programming (sponsored by local resident producers).
- D. **SERIES PROGRAMMING:** In many situations access users are producing programs in a series. Once a local resident producer completes six (6) shows in a series, they will qualify for a regular timeslot on the channel. Producers may select any available time from the existing schedule on a first-come, first serve basis. Oshkosh Media reserves the right to pre-empt series programs for Oshkosh Media produced programs or specials. Producers will continue to hold their timeslot until any of the following occurs:
1. The producer chooses to discontinue producing a program, (shown by not submitting a new program after three weeks),
 2. The producer decides to change the timeslot to a different time (See Clearing of Boards below).
- E. **CLEARING OF THE BOARDS:** To ensure fair and equitable access for all access users, whenever needed, Oshkosh Media staff will conduct a Clearing of the Boards. This exercise clears the program schedule of all community-produced regular timeslots, and allows all producers to reschedule new or existing times on a lottery basis. Once scheduled, the new timeslots will remain until Oshkosh Media staff determines there is enough demand to conduct another Clearing of the Boards. Series programming will be scheduled keeping the following priorities:
1. Local programs produced by local resident producers,
 2. Non-local programs sponsored by local residents.
- F. Oshkosh Media requires that all programs submitted for cablecast on Life TV must be turned in by the beginning of the business day on Monday of the week of the scheduled cablecast. Failure to meet this deadline may result in a program not being cablecast. Whenever possible, Oshkosh Media staff will attempt to schedule a repeat program. If after three weeks a new program has not been submitted to be cablecast, Oshkosh Media staff reserves the right to reschedule other programming in its place.

VI. Special Programming Considerations:

- A. **GENERALLY OFFENSIVE PROGRAMMING:** These guidelines are not intended to discourage free expression, but rather to achieve a balance between the First Amendment right to free speech and the cable subscriber's right to be protected from unwanted exposure to offensive material Oshkosh Media is a public forum which provides first-come, first-served public access and whose program schedule is managed by reasonable time, place and manner constraints. Oshkosh Media policy is not to cablecast programs which are obscene under federal or Wisconsin law. Life TV will cablecast programs that are identified as "generally offensive" under the following guidelines.

B. Guidelines for determining “Generally Offensive” Content:

A program, which contains any of the following, will be considered to be “Generally Offensive to some audiences.” It will be cablecast with a viewer warning/disclaimer and in a “Late Night” slot (between midnight and 4:00 a.m.). Series producer’s programs that must be run in a “Late Night” slot will forfeit all other regular weekly replay time(s) until the program is not identified as a “Generally Offensive” program.

1. Language

- a. Slang, vulgar or colloquial expression which refers, in the context in which it is used, to sexual intercourse, masturbation, anal or oral sexual contact, to human genitals, or to human elimination; or
- b. Abusive language against men or women, ethnic groups, religious groups, sexual orientation, or persons with disabilities.

2. Violence

- a. Extreme acts of violence against people; or
- b. Depictions of extreme violent acts in dramatic and/or poetic manners.

3. Graphic Images

- a. Images or depictions of:
 - 1) human or animal elimination and/or mutilation;
 - 2) graphic medical surgical procedures; or
 - 3) abuse against men or women, ethnic groups, religious groups, sexual orientation, or persons with disabilities.

In addition to the foregoing factors, Oshkosh Media staff also has the authority to determine classification as “Generally Offensive” based on the items, which may not be listed above. If a live program is intended for a general audience, and measures are taken to prevent indecent language to no avail, scheduling of replays as adult programs can be avoided by editing out vulgarities. If indecent language cannot be deleted, then the producer must add a viewer disclaimer to the program and any subsequent replays will occur in “Late Night” time slots.

Disclosure of “Generally Offensive” Content: Each local resident producer is responsible for certifying on the Life TV Cablecast Application Agreement whether their programming contains any “Generally Offensive” material according to the above guidelines. Should any producer fail to properly disclose the “Generally Offensive” nature of the program on the Cablecast Application Agreement, Oshkosh Media has the right to suspend or terminate the producer’s privileges. Any suspension or termination of privileges will include both the producer and all other persons associated with the production of the program.

LOCAL RESIDENT PRODUCER DISCLAIMER: All Life TV programs are required to include at the beginning of the program the Life TV “Local Resident Producer” countdown and disclaimer with both audio and video.

VIEWER WARNING DISCLAIMER: In programs that have been identified to include “generally offensive” material, local resident producers will include a viewer warning disclaimer that immediately follows the standard Local Resident Producer Disclaimer stating with voiceover and video text: “This program contains generally offensive material which may be disturbing to some viewers. Parental discretion is advised. The program content is the sole responsibility of the local resident producer and do not reflect the views or policies of Oshkosh Media, the city of Oshkosh, or the Video Service Provider.”

Oshkosh Media retains the right to place a viewer warning disclaimer before any program.

C. POLITICAL CANDIDATES: Political candidates can utilize the channel as like any other access user, provided they abide by the Life TV Policies & Procedures. Oshkosh Media has provided the following information for all candidates running for office:

1. Political candidates can appear on Oshkosh Media programming by:
 - a. Appearing as a guest on a program;

3. Oshkosh Media staff WILL NOT do the following:
 - a. Produce any programming for political candidates, campaigns or referenda, (with the exception of candidate forums);
 - b. Provide special “rebuttal” time for candidates;
 - c. Make special scheduling changes-- (i.e.- bumping a regular program to make room for a political rebuttal program two days prior to an election).
4. Other important issues regarding political candidates and their usage of Life TV:
 - a. Candidates may appear on Life TV programming up to the election day;
 - b. There are no limits to how often candidates may appear on programming;
 - c. Candidates and/or producers take full responsibility for their words or actions while appearing on a program—Oshkosh Media and the city of Oshkosh are not held liable for the content of any programs;
 - d. Life TV is not required to provide “equal time” provisions unlike broadcast television;
 - e. Life TV programming consists of series (weekly programs with community producers), and non-series (without a guaranteed timeslot). Series programs have a permanent timeslot and can drop a new program in at any time, while non-series programs need to be scheduled at least three weeks in advance;
 - f. Oshkosh Media offers training classes on how to use community television throughout the year; candidates should register for classes well in advance of the election.

D. **PARTNERSHIP PROGRAMS:** Oshkosh Media works with non-profit organizations in the production of community service programming.

1. Organizations will first be offered the chance to produce their own program using Oshkosh Media facilities, following the successful completion of training classes.
2. Oshkosh Media staff will work with non-profit organizations to produce programming as facilities and staff time are available.
3. Oshkosh Media will partner with organizations that are based in Oshkosh, are politically neutral, and which have a mission in alignment with the Oshkosh Media mission.
4. Production service fees will be charged. Oshkosh Media will set fee rates for production services. Such rates will be based upon charges incurred for facilities usage and staff time.

VII. Denial of Access Privileges/Appeals:

A. **VIOLATIONS:** Non-compliance of Oshkosh Media policies & procedures will not be tolerated. The following steps will be taken for offenders:

1. Upon a violation the access user will receive a written explanation of their violation with notice of their immediate temporary suspension of access privileges until the matter is reviewed by the Operations Coordinator. All documents to be presented by appellants must be presented with their request for appeal.
2. The Operations Coordinator will review the violation at his/her earliest convenience. If he/she upholds the violation the access privileges of the access user in question may be suspended for up to one year.
3. Those disagreeing with any suspension decision may appeal within thirty days of receiving their suspension decision letter by submitting a written request to the City Manager containing the explicit reasons based on Oshkosh Media policy for their appeal. This appeal will be reviewed by the City Manager or the City Manager's designee.
4. Those disagreeing with the decision of the City Manager or City Manager's designee may appeal to the Oshkosh Common Council within thirty days of receiving their decision letter by submitting a written request to the City Clerk containing the explicit reasons based on Oshkosh Media policy for their appeal.

B. In such cases where the content of a Life TV program is being called into question, the following procedures will be followed:

1. Complainants will provide a written complaint to the Operations Coordinator detailing the program title, air date and time, and specific basis of the complaint.
2. The Operations Coordinator will then review the complaint and investigate the matter. A copy of the complaint will be sent to the local resident producer, with an invitation to respond to the complaint.
3. Should the Operations Coordinator determine a violation of Life TV policies has occurred the local resident producer will receive a written explanation of this

- finding with their notice of immediate temporary suspension of access privileges and replays of their programs.
4. Those disagreeing with any suspension decision may appeal within thirty days of receiving their suspension decision letter by submitting a written request to the City Manager containing the explicit reasons based on Oshkosh Media policy for their appeal. This appeal will be reviewed by the City Manager or the City Manager's designee.
 5. Those disagreeing with the decision of the City Manager or City Manager's designee may appeal to the Oshkosh Common Council within thirty days of receiving their decision letter by submitting a written request to the City Clerk containing the explicit reasons based on Oshkosh Media policy for their appeal.
